Labor to install Meter	\$28.00	

## ***Hiawatha Gardens Parking Lot Event Use Policy***

### **General Provisions**

- No event entity may charge for parking in this lot.
- This is a public lot, available to anyone. Therefore, without making special provisions, parking for organizers or attendees is on a first come/first served basis along with the General Public. The lot may not be coned off or restricted from public use in any way unless the event is authorized to do so.

### **Use of the Parking Lot:**

- Exclusive use of the lot entire for event parking is not permitted.
- Event organizers will submit a written request to the Parking Department at least 30 days prior to the event for use of a portion of the parking lot. The request shall be made as part of an event application through the City's Event Coordinator or independently if there is no event application being submitted to the City.

The request must to define the hours, days, location, and number of parking spaces requested for the event's use. No more than 65 parking spaces (which is approximately ½ the number of public spaces available) can be requested. The Parking Department will review the request with City personnel, as necessary, and determine if there are any potential conflicts with City activities or other event use of the lot. If no issues are determined, then the request will be approved with or without conditions.

- Event organizers will be responsible for roping off and signing the area of usage prior to the event and removal of the signs and barriers immediately after the event. This needs to be accounted for in their requested timeframe.
- Charge: \$2.50/space per day.
