Two Emergency Water Main Repairs - Elk Path and Spencer Ave

MANITOU SPRINGS CO – Our public works department will be performing two water main repairs, one on Elk Path, and one on Spencer Ave. Efforts will be initially focused on Elk Path, and then once resolved, shift to Spencer Ave. This will result in a temporary water disruption for some homes on both Elk Path and Spencer Ave.

As of now, there is no estimated time of completion for either repair. Whenever one is available, we will provide an update through social media and our website. We appreciate your understanding while our crews work to perform these repairs!
