Minor Traffic and Parking Disruptions on Ruxton – Concrete Truck

MANITOU SPRINGS CO – A private contractor will be providing concrete pouring services on the 200 block of Ruxton Avenue from 8 AM – 11 AM on Friday, April 30th. This will result in multiple parking spaces being unavailable, to allow for two-way traffic to remain while the truck blocks a small section of the roadway.

Busses, standard traffic, and other means of transportation will continue to be able to drive up the corridor during this minor disruption. Thank you for your understanding!
