Utility Locates Beginning on Ruxton Avenue to Initiate the Design Process

MANITOU SPRINGS CO – You may soon see a contractor locating utilities on Ruxton Avenue! This is preliminary work so we can begin the design process for the Ruxton Avenue Infrastructure Improvement Project that is scheduled to begin in the latter half of 2022.

As the design is developed, it will incorporate new undergrounded utilities, as well as various mobility and infrastructure improvements. We will be encouraging our community to look out for public meetings where we will solicit feedback on the design.
