Fire Training Facility Open House on August 26th

MANITOU SPRINGS CO – The City is proposing a facility that provides opportunities for Fire Department personnel and volunteers to train and drill in a controlled environment, which resembles the community of Manitou Springs. This is needed to ensure the safety of our first responders and that they are sufficiently prepared to react to actual emergency events.

We will be hosting an open house for the proposed Fire Training Facility on August 26th at 6PM in Memorial Hall (606 Manitou Avenue). This meeting will be in-person, not in a hybrid or ZOOM format. We look forward to seeing you there!
