City Hall Redesign Community Meetings: Feb 3 & Feb 17

MANITOU SPRINGS CO — After many years of remodeling and rearranging City Hall to suit the changing demands of the community, the time has come to examine a more holistic approach to help ensure that current needs are met, with an eye toward the future as well.

We will be hosting two public meetings to hear the community's thoughts and feedback on the City Hall Redesign. Various concepts will be shown, as well as a presentation by the University Technical Assistance Program at UC Denver. The public meeting on February 3 will be in-person, and the meeting on February 17 will be virtual. Both meetings will cover the same topics, so please attend the one which suits your schedule best!

For more information on the City Hall Redesign, and to access the ZOOM link for the February 17th meeting, please visit: [https://www.manitouspringsgov.com/694/ City-Hall-Redesign](https://www.manitouspringsgov.com/694/City-Hall-Redesign).
