## MSFD To Host a Living with Wildfire Townhall

MANITOU SPRINGS CO – Wildfire has come close to Manitou Springs many times – it is something that we should all be working together as a community to address. The Manitou Springs Fire Department (MSFD) will be hosting a Living With Wildfire Townhall on June 22<sup>nd</sup> from 6PM-8PM at the Manitou Springs Middle School Media Center.

This townhall is to encourage Manitou Springs residents to engage in conversation about wildfire in our community and to learn what YOU can do to prepare for wildfire. This includes a discussion around a wildfire action plan and knowing when and how to evacuate.

A presentation will be given by experts from the Community Education and Outreach Team from the Colorado Springs Fire Department as well as from personnel with the Manitou Springs Fire Department.

Topic: Living With Wildfire

Date: June 22<sup>nd</sup>, 6PM-8PM

Location: Manitou Springs Middle School Media Center (415 El Monte Place)
