## Paving Operations Coming to Duncan, Michigan, and Mesa Ave.

MANITOU SPRINGS CO – New roadways are coming to Duncan, Michigan, and Mesa Avenues in July! A contractor will be performing this work on the week of July 18<sup>th</sup>, with work tentatively ending on July 22<sup>nd</sup>. During this construction period, no parking on the roadway will be allowed so please park in valid parking spaces on the side streets not being paved. In order to make this process easier, the work will be phased as follows:

July 18 & July 19 – Milling and paving on Duncan

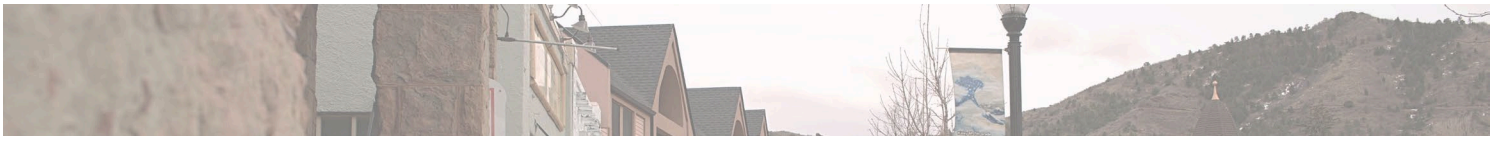

July 19 & July 20 – Milling and paving on Michigan

July 20 - July 22 – Milling and paving on Mesa

Construction will take place from 7AM-7PM throughout the week, so please drive safely through the area as crews will be working in the street. One-way through traffic and access to homes will be maintained as much as possible throughout the project, but there may be periodic closures in order to complete the work.

We appreciate your understanding while we improve our roadways!
