Emergency Water Disruption on Via Maria Theresia Requiring Additional Valves to Be Shut Off

MANITOU SPRINGS CO – Due to a malfunctioning iced-over valve, our public works department will need to shutoff different valves, widening the area experiencing this water disruption, in order to repair the broken water main on Via Maria Theresia.

The water disruption will now affect to following addresses:

0-16 Via Maria Theresia
14-30 El Paso Boulevard

Currently, there is no estimated time of completion for this repair. Please drive safely through the area, as our crews will be working in the street. Once the water connection is restored, discolored water and/or low water pressure are normal. Please run your bathtub tap on cold to resolve the issue.

We appreciate your understanding!
