## Early Morning Striping Operations on Manitou Avenue on Monday, April 24

MANITOU SPRINGS CO – The Colorado Department of Transportation (CDOT) will be performing early morning striping operations on Manitou Avenue on Monday, April 24, from 5 a.m. – noon. CDOT crews will be restriping the center yellow lines on Manitou Avenue and the markings at the Deerpath intersection, El Paso Boulevard intersection, and the Ruxton Roundabout.

During this operation, on-street parking in the affected area will not be available, but crews will be removing the no parking signage as they move down Manitou Avenue. No road closures will be in place, and two way traffic will be maintained. Flaggers will be directing traffic while they are striping the intersection marking.

Loud noise due to the construction is anticipated.

We appreciate your understanding!
