Manitou Springs Police Department Invites Local Media, Business Owners, and Community Members to SHIELD616 Presentation

MANITOU SPRINGS CO – The Manitou Springs Police Department (MSPD) is pleased to announce an important partnership with SHIELD616, a nonprofit organization focused on providing essential equipment for law enforcement officers. Through the gracious support of SHIELD616's donors, MSPD officers will soon receive life-saving armor at no cost to the department.

A special presentation ceremony is scheduled to take place on Monday, August 7 at 6p.m. at City Hall, located at 606 Manitou Ave. We extend a warm invitation to local media, business owners, and valued community members to join us in this significant event.

As part of this meaningful initiative, we invite community members to participate as support team partners for individual officers. This offers a unique opportunity to stand alongside our officers during the gear presentation, providing encouragement, prayers, and fostering a connection that extends beyond the ceremony. By becoming support team partners, community members play a vital role in the emotional well-being of our officers, ensuring they have the unwavering support needed to fulfill their duties with dedication and resilience.

In order to be matched with an officer receiving armor, you must RSVP by August 6th. To RSVP, please visit: <https://forms.gle/Fs1nrdaNj8WWovLm7>
